Alexandria, VA 22314

Zoning for Housing/Housing for All Initiative

Safe and affordable housing is still a challenge for many Alexandrians due to a lack of supply and because of institutional barriers to equitable access.

Zoning for Housing is Alexandria's comprehensive proposal of zoning reforms with the goal of expanding housing production and affordability and addressing past and current barriers to equitable housing access. **Housing for All** is Alexandria's program to explore and understand the extent of past discriminatory housing policies and their continued impact, especially on people of color and/or low-income.
