The Alexandria Commission on Aging Racial Social Equity Committee
(as of June 01, 2021)

No one should be denied the opportunity to engage fully in our community.

We encourage people of different cultures, races, nationalities, immigration status, ages, abilities, sexual orientation, gender identities, and religious affiliation in Alexandria to be informed about and have access to the range of services available in the City, and to be engaged in civic life.

We are committed to representing a diverse community that represents the rich heritage of our city. We are committed to ensuring older persons have access: to affordable housing, transportation, health care, broadband, nutrition services and to opportunities for meaningful employment and related training.

Older adults and persons with serious medical conditions often experience various degrees of inequity, particularly in obtaining access to health care. It is essential to support older persons, family caregivers, and direct care workers since these residents face additional biases and hurdles.
