1. Enter the Contractor's name, mailing address and phone number, all information is required. List the trade name under which the business operates if a trade name is used.
2. Provide the Federal Employer Identification Number (FEIN). If one has not been issued, a Temporary FEIN may be obtained by the Virginia Tax Dept.

Do not list the name of an insurance agent or agency. If you do not know or recall the name of your insurance company or insuring entity, please contact your agent to obtain this information.
6. **Out of state contractor:** Virginia requires valid Virginia workers' compensation coverage for work performed in Virginia. A contractor may obtain Virginia coverage with the proper Virginia Amendatory Endorsement, adding Virginia to Item 3A of the policy.
7. **If you do not list workers' compensation insurance on your form you must answer additional questions, i.e.,** whether you have more than two employees, whether you hire subcontractors to assist in your work and the number of subcontractor workers.
8. **Virginia workers' compensation insurance coverage requirements:** Virginia requires that every employer who regularly employs more than two part-time or full-time employees purchase and maintain workers' compensation insurance. A business that hires subcontractors to assist in the work of the business or fulfill a contract of the business must count the subcontractor's employees when counting employees to determine if / when coverage is required. This is true even if the subcontractor has their own workers' compensation coverage.

A contractor should gather proof of coverage from **all** subcontractors hired and should not be charged insurance premium for subcontractors that have their own coverage. Regardless, a contractor that hires subcontractors with employees must count the subcontractor's employees when counting total employees and determining when / whether the contractor is required to carry coverage. For additional information, please contact your insurance agent.
